"The Constitution forbids Virginia to be sued by her own citizens, or by citizens of another State, or by aliens, and there is an end of it." Had you only given the reference to that prohibition in the Constitution there would indeed be "an end of it," and the State of North Carolina would not now be appealing to the Supreme Court against Alfred H. For ten years past I have suffered greatly with my Kidneys and Bladder, and nothing gave me relief until I began the use of Otterbura Lithia and Magnesia Water last August. This is decidedly the strongest of any mineral water I have ever used, and I have tried several kinds for five or six years. When I began the use of this water I had just passed a large stone from the Kidneys, but have not passed any since. I heartily recommend this Water to all who may be suffering as I have been.

General George J. Hundley, Amelia Courthouse, Va. : General George J. Hundley, Amelia Courthouse, Va.:

Dear Sir,—Our mutual friend Mr. Charles E. Wingo informs me that you desire my opinton of the Otterburn Lithia and Magnesia Water. I am satisfied that it is one of the finest Waters in this country for Atonic Dyspepsia, and the tests I have subjected it to have been numerous, but always satisfactory. I esteem it equally high in disorders of the urinary organs—for several of my cases of Kidney trouble have improved more rapidly under the use of the Otterburn Water than Bethesda or Buffalo Lithia. To prove my appreciation I am daily using it in my practice, and have been much benefited by its use in my own case, which is one of Alonic Dyspesia.
